

# EXTENSION CENTER PROGRAMS

The College offers credit courses and non-credit enrichment courses, workshops, and seminars at a variety of conveniently located sites throughout Essex County. The College's main extension center is FOCUS. Multilingual programs offered there attract a large number of students who wish to learn English. Once enrolled at this site, whether it be in non-credit or credit courses, students are apprised of other educational opportunities at the Main and West Essex campuses. FOCUS operates during the evening, Monday through Friday, and on Saturdays. The location is:

FOCUS  
 Hispanic Center for Community Development  
 433 Broad Street  
 Newark, NJ 07102  
 (973) 624-2528

ECC also has service agreements with other community-based organizations, adult schools, civic groups, and agencies. Specific non-credit courses and workshops can be designed and organized through the Community and Continuing Education area if requested by a

particular group or agency. ECC offers Continuing Education Units (CEUs), a nationally acceptable unit of measurement applicable to non-credit, continuing education courses. A certificate of completion is awarded after successful participation in a CEU certified non-credit course.
