

PROBLEM SOLVING (PSR)

Division: Remedial

PSR 080 Prob Solving & Reasoning Skill (1.5 Credits)

This is a thinking skills course designed to help the pre-college level student learn to solve problems that pertain to course work and to everyday life situations. Emphasis is placed on developing the student's ability to think things through, make decisions, solve problems, and understand the processes of thinking and decision-making. This course is limited to Special Programs students.
