

# DEGREE PROGRAMS

## Associate in Arts (A.A.) and Associate in Science (A.S.)

Degree programs specifically designed to prepare students for 4-year colleges and universities. Under NJ law, graduates from A.A. and A.S. programs are eligible to transfer 60 required college credits to State of NJ baccalaureate granting institutions with general education requirements waived; most other colleges and universities will also accept graduates of these programs.

## Associate in Applied Science (A.A.S.)

Degree programs designed to prepare students for employment upon program completion. Students may be able to transfer some or all of their credits to baccalaureate programs.
