

BLOOMBERG TERMINALS ON CAMPUS

Business Division

Proudly Presents

Bloomberg for Education

Preparing students for the realities of an uncertain labor market is distinctly challenging. **Bloomberg for Education** will give **Essex County College students** an advantage in the workforce by empowering them with **hands-on knowledge** and **real-world experience**.

For more than 20 years, **Bloomberg for Education** has brought financial leadership into the classroom by introducing students to the Bloomberg Terminal®, the world's leading platform for global business and finance news, data, analytical tools and research.

Germaine Albuquerque
Assistant Professor/
Acting Chair
Business Division
(973) 877-4423
albuquerque@essex.edu

Bloomberg Terminals are a modern icon of financial markets used by more than 325,000 of the world's most influential decision makers. ECC now has full access to this real-time financial market data from Bloomberg as do top business and financial industry experts, such as historical data, market moving news, and analytics. This enables students to become familiar with tools used in financial services, and reinforces classroom theories, while faculty can use to further their own research.
